

Forecast For London & Southeast England
Issued by Met Office Exeter
at 1600 on Saturday 27 Nov 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Cold, frosty in the west. Windier with showers further east.

This Evening and Tonight:

Western areas dry tonight with clearing skies and winds easing. A widespread frost developing and a risk of icy stretches forming on untreated surfaces. Eastern areas will be cloudier and windier with scattered showers, these perhaps briefly wintry in nature. Minimum temperature -3 deg C (27 deg F).

Sunday:

Isolated showers for eastern areas, mainly across Kent. Elsewhere mainly dry with long sunny spells, but feeling cold everywhere. Rather breezy, but windy for Kent, especially along the coast. Maximum temperature 4 deg C (39 deg F).

Outlook for Monday to Wednesday:

Monday widespread early frost, then dry and bright with light winds. Cold. Tuesday breezy, milder and cloudier with rain later. Wednesday rain clearing, then breezy, with sunshine and scattered showers.
